

This document will provide you with instructions on how to enter the 30 day trial code and create yourself a Trimble Library account.

** If you are familiar with the 30 day trial download process, please proceed to Step 7 for creating your Trimble Library ID to gain access to additional learning resources.

*If you have a secure network, these ports MUST be open to allow a demo code to activate over the internet: 443, 80, 1947

To activate your TBC 30-Day Trial please follow these steps:

1) Open TBC and click on the **Support** tab on the far right.

2) Click on the License Manager option.

3) In the License Manager dialog box click on the **Upgrade** button.

7) Once you've activated the TBC demo license, we encourage all users to create a **Trimble Library** login. The Trimble Library provides a selection of Knowledge Apps (kApps) which contain indexed and searchable videos for you to learn how to quickly get up to speed and use the Trimble Business Center software. You will also find some additional kApps covering other software and hardware topics There is also a store for you to add additional Free kApps as well as purchase premium content for a nominal fee.

To create an account you can click the Retrieve button on the Support Ribbon to open your Trimble Library or create a library account. (Or from any browser go to https://trimble.retrieve.com)

8) If you don't already have a Trimble account, you will need to create one. Click on the **Create a new account** button.

Note: If you have a Trimble ID you may select to sign in using those credentials.

- 9) Enter your:
- Email address,
- First Name
- Last Name
- Select your Primary Industry:
 - Geospatial
 - Civil Engineering & Construction
 - \circ Other
- 10) Click Register
